PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

RECENT OPERATIONS

By Paul Rardin

Manning Keen, president of the Pahokee Lions club and Pahokee-Canal Point distributor for the Standard Oil Company, is a go-getter and the type citizen we can get a lot more of in these parts. Since that day six short years ago when Manning and his estimable wife decided to cast their lot with those of us here on the eastern shore of Lake Okeechobee he has been an outstanding civic worker and an all-round good citizen of Pahokee. His place of business is located in Canal Point. If we have any one person who is a citizen of two towns—then it is Manning Keen.

But, I was getting around to saying something about his most recent accomplishment—formation of the Canal Point Lions Club. Oh, yes, I know the entire Lions club in Pahokee was in favor of the move but Manning is the chap who actually did the work. A little coyness and the like was carried on by others of the parent club. Members of the sponsoring club gave a lot of lip service to the idea. They furnished the conversation but it was Lion President Keen who made the rounds and got the names of proposed members in the Canal Point club on the dotted line. It was Manning who saw to the many little details of organization, etc., etc., etc.

The Canal Point Lions club has had two meetings. Enthusiasm is high. The club is going to be a sound success. Charter night is scheduled for Monday Night, March 23, 1949. The program will be an outstanding success. Plans are under way to make it a big night in Lionism. It will be a big night for Canal Point. Members of the Canal Point club can thank their lucky stars that the Standard Oil Company transferred Manning Keen from Clewiston to Pahokee and Canal Point a few short years ago. He has made his mark in this community. It is a mark which any man would be proud to have opposite his name for posterity.

To Campaign For Church Attendance

Plans for launching a church attendance campaign in the Glades area in the immediate future were made by members of the Glades Ministerial Association at a meeting in the Belle Glade Baptist Church Monday morning. The group chose "See You in Church Sunday" as the slogan for the campaign.

Rev. Leonard Vandewater and Rev. I. E. Enlow of Belle Glade were in charge of the program. Rev. C. T. Howes of Pahokee, association president, presided.

Mr. and Mrs. Thomas Handley have as guests her parents, Mr. and Mrs. H. F. Powers of McCleny, Fla.

Lions Official Is Local Club Visitor

The third meeting of the Canal Point Lions club was held Monday night in the Fellowship hall. A delectable dinner of chicken and rice was served to the 35 members and five visitors.

District Deputy Governor Emmott Kelly gave an inspiring talk on Lionism and congratulated the local club on its initial meetings. He predicted a successful future for the Canal Point club.

Future meetings will be held at 7:00 p. m. until a noon-day meeting hour is decided upon, it was announced.

Rev. Scoggin Talks To Pahokee PTA

"Peace Begins at Home" was the subject of an address delivered by Rev. Elmo Scoggin, pastor of the Canal Point Missionary Baptist Church, at the March meeting of the Pahokee Parent-Teacher Association held Monday night in the high school auditorium. The guest speaker was introduced by Mrs. G. Lawton Sims, program chairman.

At the business session with Mrs. D. W. Cunningham, president, presiding, the group voted to entertain members of the Senior Class at a party sometime next month, the date to be announced.

Plans were made to sponsor in the near future a show of hypnotism, featuring the work of Dr. Robert L. Pettey. The show will be held in the school auditorium with Frank Rozelle, Sr., chairman of the finance committee, in charge of arrangements.

Mrs. Cunningham appointed Mrs. J. V. Thomas, Duncan Padgett and Mrs. W. M. DuBose on a committee to nominate new officers for the annual election which will be held at the April meeting.

The monthly attendance awards were won by Mrs. Sarah Thomas, fifth grade at the elementary school and by the seventh grade at the junior high school, Mrs. Oleen Strayhorn and William Howard, sponsors.

At the conclusion of the meeting refreshments were served in the school cafeteria by Mrs. E. L. Pope, hospitality chairman, and members of her special committee.

For the month including Mrs. I. E. Hamilton, Mrs. Andy Culberson, Mrs. Rupert Mock, Mrs. Lewis Friend, Mrs. Jack Spencer and Mrs. T. L. Burns.

Two Pahokee Girls Graduated From FSU

Miss Nell Howes and Miss Nancy Stevens of Pahokee were among the graduates who received diplomas at the Quarterly Commencement Exercises at the Florida State University in Tallahassee Wednesday, March 16. Miss Howes majored in commercial studies at the university and Miss Stevens, in English. Among those attending the exercises were Mrs. Howes' parents, Rev. and Mrs. C. T. Howes, and Miss Stevens' mother, Mrs. W. A. Stevens, Sr., and sister, Mrs. J. H. Wilkinson, Jr., also Mrs. Raymond Caruthers.

Clinic Scheduled To Study Proposed Laws On March 23

Citizens from all parts of Palm Beach County are invited to confer with local members of the legislature regarding proposed local bills and those affecting the county at the County Commission Room, 10 o'clock, March 23rd, according to Frank Frazier, Jr., Chairman of the Palm Beach County Resources Development Board Legislative Committee.

Those wishing to present bills or outline bills to be introduced in the legislature affecting Palm Beach County or its subdivisions will be heard. All political subdivisions of the County proposing legislation are urged to bring their bills to this second biennial clinic conducted under the sponsorship of RDB.

It is desirable to have bills to be presented drafted and in form but where this is impossible, sponsors are urged to be prepared to clearly outline provisions of bills to be presented. "The purpose of the clinic is to save time of our legislators who will be burdened with state wide as well as local legislation when the session convenes April 5th at Tallahassee, on the one hand, and equally important give our voters the opportunity of expressing their views to Senator Beacham and Representatives Elliott and Bollinger," according to Chairman Frazier.

President A. E. Kirchman of RDB stated that he not only had requests from our legislative delegation for a clinic similar to the one held two years ago but the Board of Directors feel the people should have an opportunity to know about bills which may become a law and directly affect the county or their local area without the necessity of spending time and money going to the State Capital during the hectic sixty-day session when our overworked delegation can devote only a minimum of time and thought to any one proposed law.

Lineman Better After Severe Burn

Richard (Cotton) Funderburk of Pahokee, service department employee of the Florida Power and Light Company, suffered severe burns on the lower part of his body and electrical shock Thursday afternoon of last week when he came in contact with a live wire while working on the company lines. He was above the ground at the time and deep skin burns covered a wide area when his clothes caught fire.

After receiving treatment at the Everglades Memorial Hospital he was taken to a hospital in Miami on Wednesday for a skin grafting operation and further treatment.

His condition is reported as out of danger and definitely better.

Mr. and Mrs. G. F. Kincaid and family, Mr. and Mrs. Ellis Murphy and family, Miss Veronica Kaufman and Frank Rice were visitors at Jensen Beach Sunday.

Cattle Show Planned For April 19 & 20

The Mayo Exhibit Building at the Everglades Experiment Station is to be the scene of its first annual South Florida Cattle Show, April 19 and 20, according to H. L. Speer, assistant county agent.

Mr. Speer, with the assistance of the Cattleman's Association, is arranging for the show.

The area to be covered, at present, is south of a line drawn from Vero Beach across to Ft. Myers. Anything the FFA's have will be exhibited, and fat steers, dairy cattle, calves and hogs will have a place in the show.

'49 Prospects Told About Blue Devils

Sidelights on the athletic program at Pahokee High School were given to members of the Pahokee Lions Club by Coach Clyde Alley in a talk at the Tuesday luncheon meeting. The coach told of preparations for the Blue Devil 1949 football season. The Blue Devils are planning on a 10-game schedule next fall and contracts for eight games have already been booked, he said.

President Manning I. Keen named Edward A. Jensen, chairman, and other past presidents of the club, members of a committee to nominate officers for the club's annual election on May 3. The nominating committee will report its recommendations at the April 19 luncheon meeting.

Mr. Jensen urged the Lions to give their full support to the Poppy Day drive to be held in Pahokee on March 19 under the sponsorship of the American Legion Auxiliary.

President Keen announced a meeting of the club's board of directors will be held at the home of Duncan Padgett Monday, March 21, at 7 p. m. Marshall Lair, chairman of the swimming pool fund raising committee, distributed to club members tickets for the new Chevrolet car that is to be given away on the night of May 21, the day of the opening of the new swimming pool.

Neat Sum On Hand For New County Jail

A small annual levy started in 1941 and expiring in 1950 has raised \$347,196 to date towards construction of a new county jail, Assistant County Auditor R. B. McKee said Tuesday.

Commissioners Monday discussed the proposed jail construction, recommended by the January grand jury.

Mr. McKee said the county holds \$225,000 worth of government bonds, has \$62,196 in cash, and \$60,000 remains due to the fund from other funds.

County Engineer J. M. Boyd said Tuesday that plans for construction are available as a result of county action in 1941.

"The commissioners are to check over the plans soon and they will determine what changes, if any will be made," he added.

Cabbage Price Up And Other Prices Quite Satisfactory

Leafy vegetables on northern markets are bringing fancy prices and growers in the Lake Okeechobee and south Florida regions are reaping benefits from the cold weather in Texas and other competing areas. Once in a blue moon the price of cabbage hops up to the point where a man can get rich on one crop. Such is the situation today. What it will be next week, is hard to predict.

Cabbage growers in the Glades are smiling broadly this week as their offerings bring \$2.25, \$2.35 and as high as \$2.50 per crate. It is the first time in several years that the cabbage price has jumped this high in this section. Those fortunate enough to have cabbage this week are assured of an excellent price for their offerings.

Beans—the backbone of the Everglades area—are bringing fancy prices also. Prices during the week have been ranging all the way from \$2.25 up to \$4.00 per 30-pound hamper for good beans. Pickers are receiving 60c and 70c for harvesting the bean crop this week.

Celery growers are coming in for their share of the golden bonanza after a couple of slack years that whittled down the number of celery growers in the Glades to a mere handful. Celery of the golden variety is selling for \$4.00 and better, while pascal is bringing a little more and top varieties are selling for \$4.75.

Without a frost or flood it looks like this section is going to catch up a lot of slack in the next couple of weeks. A lot of slack needs to be caught up, this newspaper is told by those who fight the antics of nature in an effort to produce green food crops during the dead of winter.

Mayor Proclaims Mar. 19 Poppy Day

Mayor T. C. (Dick) Richardson has proclaimed Saturday, March 19, as Poppy Day in Pahokee at which time the familiar little red poppies made by disabled veterans will be sold to the public for the benefit of these veterans under the sponsorship of the American Legion Auxiliary with Mrs. Hugo Boe, Poppy Day chairman, in charge.

In his proclamation Mayor Richardson urges Pahokee citizens to give their full support to the drive and enter the spirit of the Poppy Day slogan, "Everyone wearing a poppy."

BPW CLUB MEETING

A talk on "Women in the Legislature" was given by Sara Creech of Belle Glade, guest speaker, at a meeting of the Everglades Business and Professional Woman's Club at the home of Cleo Douthitt Tuesday night.

It was announced that the annual election of club officers will take place at the next business meeting which will be held at the home of Fay Abbing on April 5.

STATE-WIDE NEWS NOTES

TALLAHASSEE — As though in answer to those who say economy is enough, Comptroller Clarence Gay has estimated that the general fund from which most state expenses are paid will be \$3,225,995 in the hole by the end of September. He added that to carry the state through the lean summer months on its present schedule, the general fund ought to have \$25,000,000 in it by June 30. Under present conditions, he said there will be an estimated \$7,557,334 in the general fund at that time.

Governor Warren had a quick answer for those who thought he is softening up on the sales tax. In a statement, he declared he not only will veto such a tax if offered by the next legislature, but will work hard to sustain the veto. Many have thought in recent weeks that with his budget recommendations running \$52,000,000 more than expected income for the next two years, Warren might let down the bars against the sales tax. His statement corrected that impression.

Education, health and welfare are primarily responsible for Florida's need for more money, according to a report from Comptroller Clarence Gay. Between 1946 and 1947, he said the total general fund cost of all judicial, legislative and administrative functions of the state increased only \$250,000, while the cost of common schools, universities, old age pensions and public health increased \$30,000,000. Under the new budget, he declared, cost of state government remains less than 10 per cent of the amount requested for hospitals, schools, pensions, welfare generally and public health.

Work on Southern Bell Telephone and Telegraph Company's request for additional rate increase has begun by the Florida Railroad and Public Utilities Commission. Sifting of additional evidence and testimony will be required before an answer is given to the company's petition for about \$3,228,000 and this was denied, but after a statewide series of hearings, the commission allowed about 60 per cent of the increases to be put into temporary effect under a million dollar bond while they analyzed the testimony. Next decision is whether to reject the petition, or allow part of it under bond, or allow all of it while other hearings are held to permit the public to testify.

A report which he described as "truly sensational was made by Beverage Director Lewis M. Schott to Governor Warren, in describing the February wars of his department against moonshine stills and bookies. He said his aerial forces had been spotting stills from the air and directing raiders to them by radio. During February he said stills with a weekly capacity of 12,775 gallons were taken, stills capable of defrauding state and federal government of \$7,267,000 in taxes a year. The department broke all records for arrests, he said, and was effective in closing bookies in places having beverage licenses.

New higher rates for workmen's compensation insurance will be considered here April 7 when a hearing will be held on the subject. An average increase of 2 per cent over existing rates has been recommended to State Treasurer Ed Larson. The Florida Industrial Commission, which administers workmen's compensation, will return this week from a tour of the state in which they solicited suggestions for improving unemployment compensation, another branch of the commission's work. An effort will be made in this coming legislative session, according to Chairman Raymond Barnes, to increase coverage to a maximum of \$20 for 20 weeks for those out of a job.

The Taylor plan for making the state capitol center a thing of beauty survived its first attack this week from those hoping it will be useful too. Justice Roy H. Chapman of the state supreme court enlisted cabinet help to stop a plan to convert the vacant block between the capitol and the new supreme court building into a parking area. No cars will be parked here, the cabinet majority decided. Although Secretary of State Robert Gray said the "little people" deserve a place to put their cars and Attorney General Ervin agreed. Another full block, separating the capitol from the Caldwell building, will be used by the legislature for parking; and then it too will become a park.

Attorney General Richard W. Ervin declared that a local act allowing posting of a notice of delinquent taxes instead of advertising in a newspaper is unconstitutional. In an opinion to Tax Collector Howard E. Wilson of Monroe county, the attorney general stated that "advertising the delin-

quent tax roll is part of the collection process" and thus is prohibited by the constitution.

Wally Schanz, appointed aviation supervisor of the state improvement commission, declared the policies and programs of the department will be continued. He ventured the assertion that air transportation is at a low point in Florida but said a few bright spots appear here and there. He succeeded Bill Lazarus, who has taken a position as chief engineer in a New Jersey aircraft factory.

Assessments for a mosquito control district cannot be made against homestead exempt property, according to Attorney General Richard W. Ervin. Under the constitution, he said, only assessments for special benefits may be levied against homesteads under the \$5,000 valuation. Mosquito control is a general benefit, and therefore not eligible to draw support from exempt homesteads.

Hotel Commissioner Jimmy Landon says "ain't so" that hotel commission employers are mainly political. He has again answered charges from a state tax committee to this effect, and denies that the turn-over every four years (when administrations change) is great. He cites that four employees have been with the department 20 years, 33 per cent have been there more than eight years, and so on. Employees, he said, are picked for their ability, integrity and loyalty, and they have done much, he said, to eliminate any Winecoff or Coconut Grove fire disasters in Florida.

There was an "All-Florida" photo in the Hialeah winners' circle after the recent Flamingo horse race. Governor Fuller Warren made the official trophy presentation to Fred W. Hooper of Jacksonville and Coral Gables as the owner of the winning Olympia.

Funeral Services For Mrs. Barnes

Funeral services for Mrs. Ocala Barnes, of Swainsboro, Ga. were held at the Swainsboro Methodist Church Monday afternoon, March 14.

Mrs. Barnes died at a hospital in Augusta, Ga., Sunday morning after a long illness. She was the mother of Wallace Barnes of Pahokee and the mother-in-law of Mrs. Kathryn Barnes, also of Pahokee, both of whom attended the services.

POOKIE WIRE FUSS

TALLAHASSEE — The Florida Railroad and Public Utilities Commission is considering a request that it deny telephone service in Miami to gamblers. R. K. Bell, Miami lawyer, said he has been unable to obtain private telephone service since he moved to a new residence.

He declared "hundreds of telephone lines" are being used in the Miami area solely for gambling and other illegal and immoral purposes. He offered to submit as evidence a list of 48 alleged gambling houses which he said have telephones.

PRIVACY IN YOUR OWN ROOM

PROTECTION IN AN EMERGENCY

From where I sit... by Joe Marsh

Never Too Late To Learn

Cappy Miller's young son, Squint, is forever coming up with new ideas. Now they're not all world eaters, but Cappy is usually willing to give them a try.

Seems Squint found a new way to clear brush. They take two tractors, about thirty feet apart, and connect them with a heavy chain weighted down on the ground with old iron. First they both go parallel in one direction, then they go back over the same swath in the opposite direction and up comes the brush—roots and all. Worked fine and saved time.

That's why things go so well at the Miller farm. Cappy is open-minded, tolerant of new ideas and new ways of doing. He doesn't think his way is the only way.

From where I sit, a little tolerance will make things go better for all of us. You respect my views and I'll respect yours—whether it's on farming, politics, or choosing between an ice cream soda or a temperate glass of beer.

CANAL POINT, FLA.

Hunting Trip Told By Visitors Of Uncle Sam In Germany

Major James Ottis Vinson and Major Velpau Denton, former Pahokee boys, are now stationed with the airlift in Germany. Recently they enjoyed a hunting trip and The Everglades News has been given a full and complete story about the trip. Since the boys are now based with the USAF, Rose Hotel, Wiesbaden, Germany, we thought their many friends in the Glades might enjoy reading about their exploits. Here is the hunting trip story:

Well here it is—my legs are so sore I can hardly touch them and every muscle in my body seem to be a big boil. I believe I have climbed every mountain in Germany within the last day and one half. I have lived a life time over this last week end.

Major Denton, A Pahokee High School graduate, and I left Wiesbaden Saturday at noon for a eighty mile trip into the mountains and woods of a hunter's Paradise and to mean Paradise.

We arrived in a snow covered mountain village community three hours later, loaded for Bear and what have you—I thought. This village had about fifty buildings with about three or four apartments in each building. All the stores and stables were on the ground floor and the people lived upstairs. As we parked along side of one of these buildings, there was the game warden and family out to meet us. A fifty year old father, his wife, and three daughters ages 15, 10, and one. They acted like we were old friends coming back home who had been away for years. Denton has been knowing them for about two years. I will know them for the next two, I assure you.

We went up to the apartment and in the dining room, no living room, the dining room is both. None of the family could speak a

word of English and there was I—no German. Major Denton just could get by and some things he never knew that they were trying to tell. Well—there is one thing for sure I am going to learn some German. I like that Family. After we had coffee and sweet rolls, the three of us got in the car and drove about twenty-five miles to the top of a mountain, parking the car and walking about two miles in the most beautiful woods I ever hope to see. I was led to a deer stand, a ladder to a platform forty feet up a tree.

It was about one hour until dark as I reached my perch up the tree. I took a few deep breaths of that good cold air to recover some that I had lost before loading my gun. I had bought this beautiful double barrel German hammerless a few weeks ago for ten cartons of cigarettes from Major Denton. My pockets are loaded with shells for Wild Boar and Deer. By this time I had caught my lost wind and started to load my 16 gauge gun as I dropped in the first shell it disappeared down the barrel about two inches—and my heart jumped to my throat for I knew I had a 12 gauge gun instead of a 16 gauge.

Denton bought it for a 16 gauge and sold it for one and never did use it. I used it—to see how far a 16 gauge shell would go down the barrel. I started a slow process back down the ladder. The scenery has changed—looks bad now. I head for Denton's stand knowing that there is not a 12 gauge shell within eighty miles.

I locate Denton and we both have to laugh it off and by this time it is almost dark and we head for the car and search it through out for some 12 gauge shells and find none. The German soon comes in and we go back to the house and find one 12 gauge shell. No. 4 shot, would not kill one of these deer unless you were ten feet from him. But I have something to shoot with

a big hunt all day Sunday ahead of me.

We were in the woods Sunday morning before day started to break, me and my one shell, so cold and yet I had so many clothes on I could hardly move. On my first stand, my first wild deer came hopping along like a rabbit but as large as a Buffalo without thump. My shell and I had buck fever. I could hear that one shell shaking in the left barrel and I was glad I was up the tree. This big buck's horns almost raked me out of the tree, but he did not stop and I did not shoot. I would have gotten awful tired before night if I had fired that shell.

Well it was just like that and worse on ten more deer and none would ever stop for that one shot, so I made up my mind to shoot the eleventh deer, but that was an error. I cracked down on him forty yards away on a hard run and hit the ground two yards behind him, but I sure did help him get down a steep hill. I hoped he would run into a tree.

While my gun is still smoking, my stand is on the ground this time, another deer comes out to see what is going on and stops in front of me twenty feet away and there I sat, the deer and me eyeing one another. Tears come in my

eyes for the want of a shell. This deer goes back in the brush then returned and takes another look at the hunter fool. This time he is only twelve feet away. His eyes were as big as a saucer. I come out of that freeze position and stood up behind a big tree and that deer moves away like lightning.

I only saw thirteen during the day's hunt. Denton got one shot and missed and so did I.

This story is not going to end here for I have a three day pass for next week-end and Denton and I are going back. I assure you the shells I take will fit my gun.

James O. Vinson
Major, USAF.

BACK ON THE JOB

Paul Sasser, of the Glades Oil Company and operator of Paul's Service Station in Canal Point, is back on the job this week after a mild attack of polio which laid him up in the hospital for several weeks. Paul has a wide circle of friends in this section of Palm Beach county who will be glad to know that he is again able to be up and on the job.

Can manufacturers last year turned out the equivalent of 28 billion standard size fruit and vegetable cans, the American Can Company estimates—using enough steel to have made the framework for 51 Empire State Buildings.

SOONER or LATER - MR. JAYWALKER GETS A RIDE!

You have heard of him before, read about him in the obituaries and cursed him when driving. Mr. Jaywalker is the habitually irresponsible pedestrian who accounted for 34% of Florida's traffic fatalities in one year and 195 of his kind were given a ride to the morgue. Throughout the nation 11,200 pedestrians lost their lives last year. Are you startled?

If you have any jaywalking tendencies in your make up eliminate them before they eliminate you. Danger to life and limb is ever present when you venture into traffic. Yet it requires only the simplest application of a little common sense and patience to quit being a jaywalker. Walk and cross streets and highways where you should — when you should. Don't pit your body against speeding metal; it won't win.

Living is a great adventure. Why cut it short before your time? Walk safely and live longer.

Mr. Motorist—

Half Quota Raised In Red Cross Drive

At the weekly meeting of the Advisory Board of the Palm Beach Chapter of the American Red Cross held at headquarters in West Palm Beach last Friday, E. E. Bartlett, Jr., county campaign fund chairman announced that the county had attained nearly half of its 1949 quota of \$88,700 with a total of \$42,47 reported from 11 community chairman.

This report compared well with that of last year, Mr. Bartlett said. The two most aggressive campaigns in the county were reported from Lake Worth and Jupiter early last week where community quotas were passed on Monday and Wednesday respectively. Lake Worth Chairman Mrs. Marjorie Collins announced \$5,500 had been subscribed toward a quota of \$5,115. In Jupiter the total was \$401 with a quota of \$333 according to co-chairman Harry P. Jackson and Harry C. Moores.

Special gifts of \$500 were reported by fund chairman B. Elliott of the Pahokee area, who announced that additional workers would conduct an active campaign this week.

In Belle Glade Chairman Mrs. Benjamin Weeks announced that Luther Jones was directing the fund drive through the packing houses and anticipated a favorable report at this weekend meeting of the county advisory board.

Over half the \$47,767 quota of Palm Beach had been subscribed during the first 11 days of the campaign, with a total of \$27,615 collected, according to Russell P. Kelly, chairman of the Palm Beach fund campaign.

West Palm Beach reported, through chairman Percy I. Hopkins, Jr., that over one fourth of the \$23,479 quota was already in. Delray Beach reported \$1,500 of its \$4,348 quota in the first week of the fund drive. Charles Senior is campaign chairman in the Delray Beach area.

Throughout the county local chairmen are optimistic that the reports turned into the West Palm

Beach headquarters this weekend will greatly increase the percentage of all communities and aid in early realization of the county's \$88,700 quota.

Births
Mr. and Mrs. J. B. Bryant of Pahokee announce the birth of a daughter, Sue Carolyn, at the Everglades Memorial Hospital, March 13.

Mr. and Mrs. J. C. Yoeman of Canal Point announce the birth of a daughter, Caroline Jane, at the Everglades Memorial Hospital, March 11.

Mr. and Mrs. R. E. Bartlett of Canal Point announce the birth of a daughter, Mary Frances, at the Everglades Memorial Hospital, March 8.

Mr. and Mrs. N. M. Morris of Belle Glade announce the birth of a daughter, Carolyn Sue, at the Everglades Memorial Hospital, March 8.

Farewell Party For Patsy Maurer

Misses Joe Ann Edenfield and Audrey Meade entertained Monday night with a slumber party and wiener roast in honor of Patsy Maurer who left for Lakeland Tuesday with her mother to make her home. Those enjoying the party were: Melba Pugh, Joe Ann Edenfield, Audrey Meade, Mary Helen Wilson, Roselle and Ouida Dixon, Wanda Scott, Billie Neil Stokes, Elois Haggans and the honored guest, Patsy Maurer. Those in attendance at the wiener roast only were: Beatrix Johns, Bobby White, Ralph Clark, Chet Clark and Kennis Brock.

CHURCH OF CHRIST, SCIENTIST

"MATTER" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientists, throughout the world on Sunday, March 20.

The Golden Text is: "Truly 'n vain is salvation hoped for from the hills, and from the multitude of mountains: truly in the Lord our God is the salvation of Israel" (Jeremiah 3:23).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases. . . And they departed, and went through the towns, preaching the gospel, and healing every where" (Luke 9:1, 6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Rise in the conscious strength of the spirit of Truth to overthrow the plea of mortal mind, alias matter, arrayed against the supremacy of Spirit. Blot out the images of mortal thought and its beliefs in sickness and sin. Then, when thou art delivered to the judgement of Truth, Christ, the judge will say, 'Thou are whole!' " (391:32-6 next page.)

Miss Nason Voted "Belle Of Ole Miss"

Miss Marilyn Nason, daughter of Mrs. Frank Friend of Pahokee and brother of Will A. Nason, West Palm Beach attorney, has been voted by the student body at the University of Mississippi as one of the 25 girls chosen as favorites at the university for the current school year.

Miss Nason was further honored when she was judged by Al Capp, creator of the "Li'l Abner" cartoon strip, as one of the five most beautiful girls at the university. These five "Belles of Ole Miss" will be featured in the 1949 college year book.

Marilyn is a member of the Junior Class and the Chi Omega Sorority at the University of Mississippi.

Mrs. Kemp Presents R. A. Program

The Business Woman's Circle of the First Baptist Church of Clewiston gave a banquet for the R. A.'s Thursday night, March 4th at the American Legion hall. This was a Father-Son banquet and 51 fathers and sons were present. There were 67 out of 71 present who were invited.

The tables were centered with fern and nasturtiums, white gladioli and blue, white and yellow candles, the R. A. colors. Also all place cards were shields of R. A. colors. Another table was centered with an open Bible and huge calligraphy: "Father John's Royal Ambassador Chapter".

Mrs. W. H. Kemp, R. A. Leader, had charge of the program and a very inspiring program was given. A delicious supper was served. Those assisting Mrs. Kemp in serving were: Mrs. Carl Nelson, young peoples director, Miss W. R. Broadrick, Business Woman's Circle chairman, Mrs. Ralph Echols, young peoples chairman of BWC, Mrs. John Pittman, Mrs. W. J. Robinson, Mrs. Goldie Dunaway and Mrs. H. A. Osborne. Games were played by the R. A. boys under the leadership of Rev. Osborne.

Cinematic Chatter

By Malcolm Miller

A new aspect of the battle between sexes forms the intriguing theme of "Every Girl Should be Married," which is due to be screened at the Prince Theatre this Sunday-Monday.

Starring Cary Grant, Franchot Tone and Diana Lynn and introducing Betty Drake as the impulsive heroine, the romantic comedy is based on the premise that a modern girl should be allowed to campaign for the man she wants instead of sitting around waiting for a proposal.

When she encounters Grant, a prosperous doctor, Miss Drake decides he is just what she has been looking for, and launches a carefully planned drive to entice him into matrimony. The doctor is amused by her stratagems, and when she sees they aren't working, she tries a new attack which brings about the story's hilarious complications.

It is a honey of a show with a wow in every line, and I sincerely hope you won't miss it. See you at the movies—Mal.

Phoebe Ann Ramey & Annette McIntosh Wins Poster Prizes

In connection with the Poppy Day drive in Pahokee Saturday the American Legion Auxiliary, Post 90, sponsored a Poppy poster contest for the children of the fourth, fifth and sixth grades at The Pahokee Elementary School which got under way a month ago and closed Wednesday March 16.

Cash prizes were awarded to the children who submitted the two posters judged best in depicting the spirit of the Poppy Day campaign. First prize of three dollars was won by Phoebe Ann Ramey and the second prize of two dollars, by Annette McIntosh.

The prize-winning posters will be on display at Chandler's Sundries store in Pahokee this week through Saturday and will be sent to the convention in Sarasota April 6-9 where they will be displayed for judging in the statewide poppy poster contest.

Rev. A. J. Lively, Mrs. J. V. Chastain and Mrs. J. T. Boynton acted as judges in the local contest.

A new type aviation oil tank capable of withstanding direct flame and temperatures of 2000 degrees (F) has been developed for the Navy by the B. F. Goodrich Company. Other applications foreseen include fuel tanks for commercial planes, automobile, buses and trucks.

Called To Kendricks By Death Of Father

Mr. and Mrs. L. Clinton Livingston of Canal Point were called to Kendricks, Fla., Monday by the critical illness of Mr. Livingston's father, W. B. Livingston, who died at his home there Tuesday afternoon.

Funeral services were held at the Kendricks Methodist Church Thursday, March 17, at 3 p. m. and burial was at the Kendricks Cemetery.

Mr. Livingston was also the father of Mrs. Lillian Del Santo of West Palm Beach. Other survivors include his wife, two daughters and two other sons.

George Schroder of Philadelphia, Pa., and Pahokee, is a patient at St. Mary's Hospital in West Palm Beach this week.

REVIVAL CONTINUES

Preaching services continue tonight and tomorrow night at 7:45 at the Canal Point Methodist Church, Rev. Vincent bringing challenging messages in each service.

The services have been characterized by lively song services, special music by the Senior choir, vocal numbers by Rev. Vincent and the Pahokee Quartette and others.

The public is most cordially invited to attend the Week of Dedication services.

Lt. (jg) Harold Clause, who is stationed at El Centro, Calif., and daughter, Diane, visited his uncle and aunt, Mr. and Mrs. Homer J. Clause, in Pahokee Wednesday. They were accompanied by his mother, Mrs. W. C. Clause, and brother, Clarence Clause, of Sanford.

May you never be roasted like this!

"NEFF? SURE I REMEMBER HIM. Class of '19, wasn't he?"

"That's right. You knew he had to give up his job. Doctor's orders."

"Tough break. Hope he had some money saved up."

"Not Neff. Not a penny. You know how he always was—easy come, easy go. Had to sell his house to get out of debt."

"Rough on that sweet little wife of his. Now that I think of it, she kept trying to talk him out of his free-spending ways. Guess she never could."

"He'd never listen. And now those two

boys of theirs are of college age."

"Guess now they'll have to go to work, supporting him. Why do people get themselves in a spot like that? Anybody with the common sense of a jack-rabbit knows that the only way to protect their families and themselves is with a systematic plan of saving."

• • •

We don't know Neff. We merely overheard two fellows talking at lunch the other day. Actually we feel sorry for him—for anyone who doesn't know the importance of saving.

Fortunately, for every Neff there are thousands of others who do have a plan for the

future. These are the men who invest a part of their earnings each month in U.S. Savings Bonds.

They can see the wisdom in the Payroll Savings Plan—a painless, automatic plan that pays back \$4 for every \$3 put in, after ten years.

They know that U.S. Savings Bonds are guaranteed by the Government—the safest, surest investment a family man can make today!

If you're not on a payroll, ask at your bank about the equally convenient Bond-A-Month Plan. Remember—you owe it to your own future and to the security of your family!

AUTOMATIC SAVING IS SURE SAVING—U.S. SAVINGS BONDS

New 1949 Plymouth Car On Display Today In Pahokee At Lake Shore Motor Co.

Plymouth's new special deluxe is featured above. Brilliant new styling is combined with outstanding riding comfort, increased roominess, and sweeping mechanical improvements in the new line of Plymouth automobiles.

Completely redesigned, the new Plymouth has a longer wheelbase for a better ride and more road stability, but less front and rear overhang for easier parking and garaging. While the silhouette has been lowered and the width decreased, there is more head and leg room, and seats are wider. Typical of Plymouth's many refinements is the ignition-starter combination, with which a turn of the key starts the engine.

The new Plymouths are sleek in appearance. New rear-end styling provides a graceful balance with the horizontal grille lines which emphasize the broadness of the front. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal panels so costly to repair or replace.

The new Plymouth line includes nine distinct automobiles. Special deluxe and deluxe types are on a 118-inch wheelbase, one inch longer

than last year's. Special deluxe models are: four-door sedan, club coupe, convertible club coupe and station wagon. In the deluxe group are the four-door sedan and the club coupe. In addition, Plymouth will build three new models: a brand new 111-inch wheelbase, a two-door sedan, a three-passenger coupe, and a new body type, the Suburban.

The 97-horsepower engine has improved performance and efficiency with a new design cylinder head which increases compression ratio to 7 to 1. A new chrome plated compression piston ring reduces cylinder wear and provides greater protection during the break-in period. There are improved oil rings for greater oil economy, while a newly-designed intake manifold induces quicker, smoother engine warm-up and produces faster throttle response.

Body styling which produces greater passenger room without excessive bulk also increases visibility. V-type windshields have 37 percent more area and provide excellent vision without distortion. Windshield wipers clear 61.5 percent greater area and the rear window is 35.4 percent larger.

Plymouth's new special deluxe four-door sedan (above). Throughout the new Plymouth line beautifully streamlined bodies are lower and narrower, seats are wider and headroom greater. At the same time overall exterior dimensions are reduced, but wheelbase has been lengthened to 118 inches and glass area is increased. Horsepower is raised to 97. Although fenders flow gracefully into the body they are detachable for ease in repair.

Food Handling School To Be In Belle Glade

Belle Glade is fortunate indeed to have been able to book a session of the Florida Food Handlers School, which is being fostered by the State Board of Health, the State Hotel Commission, Florida Restaurant Association, Local and County Health Departments.

This school has been traveling over the various sections of the state, appearing under civic club auspices, and has met with wonderful success. Here in Belle Glade it will be sponsored by the Merchants' Division of the Chamber of Commerce. Urgent appeal is made by this agency to the merchants and women of the city to give good support to this school, which will be most instructive in the manner of better buying of foods, the safe refrigeration and handling of provisions, and the proper preparation of same for the table.

It also takes up sanitation for the homes, the business places, the handling of food products, personal cleanliness and health of employees.

The date of the school for Belle Glade school, has been fixed for March 29th, 30th, and 31st at the Everglades Theatre.

Approximately 10 per cent of the nation's output of anti-friction bearings is now being exported, reports SKF Industries, Inc., making the U. S. a leading world supplier of a product this country once largely imported from Europe.

McWhorter Fills In For Homer Clause

Homer Clause, salesmanager for the Everglades Growers Coop, is a great deal better following injuries received last week in a truck accident. His place at the sales desk is being filled this week by an old hand at the business—O. G. McWhorter of Belle Glade, who sold celery for Wedgworth's for years. Homer is fortunate that a man of Mac's ability was available temporarily to continue the good work of selling celery throughout America on the high market of today.

NEW CONCERN

TAMPA — Three brothers have formed the Johnston Lithography and Engraving Co., Inc., which will feature pictorial offset lithography and newspaper photo-engraving. They are Donald, Conrad and Bert Johnston, sons of J. B. Johnston of the Tampa Morning Tribune for 23 years.

Their equipment includes an ATF Precision Camera and an ATF Webendorfer Offset Press. The three brothers have had extensive training in the graphic arts. Bert is co-author of a number of publications and holds patents in the graphic arts field. Donald and Bert are ex-GIs. Bob Huff, paper expert, formerly with the Knight Brothers Paper Company, is plant manager.

Miss Betty Howes has returned from Ly Humber in this area. The previous largest, known as No. 8, had a flow of 527 barrels a day.

Delorez Williams New Rainbow Girl

Miss Delorez Williams was voted as a new member of the Pahokee Assembly of Rainbow Girls at a meeting in the Masonic Hall Monday night. An initiation ceremony for Miss Williams will take place at the next meeting.

Mrs. Mattie Lou Keen, mother advisor, gave a report on a special sale of a cake which netted \$13, this money to be used toward meeting the expense of sending local delegates to the meeting of the Grand Assembly in Orlando.

Mrs. Mabel Young, past mother advisor, and J. G. Weeks were visitors. Miss Loretta Wilson, worthy advisor, presided.

Big Oil Well Brought In By Humble Co.

EVERGLADES CITY—Humble Oil Company has brought in the biggest producing oil well yet drilled in Florida, according to an announcement by its officials. The well, known as B-2, is on the Lee Cypress Company tract in Collier County and lies west of Humble's Sunland field. It was brought in at a depth of 11,585 feet, and tests indicate it will produce a flow of 771 barrels a day.

Supt. R. B. Gustafson said the company is in process of completing production tests and hopes to have the well in production soon. The well is the tenth brought in by Humble in this area. The previous largest, known as No. 8, had a flow of 527 barrels a day.

Mrs. Harris Folds and children of Sanford and Mrs. Wendell Harris and daughter of Leesburg spent the weekend in Pahokee to be with their parents, Mr. and Mrs. Homer J. Clause, while Mr. Clause was recuperating from injuries received in a truck crash Thursday morning of last week. Mr. Clause was able to return home from the Everglades Memorial Hospital on Tuesday.

Mr. and Mrs. O. E. Clause and children of Sanford visited his brother and sister-in-law, Mr. and Mrs. Homer J. Clause, here over the weekend.

Mr. and Mrs. Raymond Caruthers had as guests the past week his sisters, Mrs. D. L. Cope of Chattanooga, Tenn.; Mrs. Zeno Sharp of Cleveland, Tenn.; Mrs. Homer Boatman of Chickamauga,

Ga., and Mrs. Ernest Simmons of Atlanta, Ga.

Ben S. Waring, former Pahokee resident now living in Madison, Fla., visited friends here Monday and Tuesday, returning home Wednesday morning.

Mr. and Mrs. H. F. Meade, Mr. and Mrs. A. C. Hitchcock and Mr. and Mrs. Joe Edenfield spent the week end in Daytona Beach attending the 200-mile National Championship Motorcycle races.

GEORGIA VISITORS

Mr. and Mrs. J. B. Seckinger and daughter, Kay, of Greenville, Ga., are guests this week of Mr. and Mrs. Paul Rardin of Canal Point. They spent last Sunday in Sarasota with friends and on Wednesday and Thursday of this week they visited in Miami. The Seckingers will return to their Georgia home today.

Horsemen are high in their praise of the condition of the Hialeah racing strip long regarded as one of the nation's safest.
